Professional oxy power destainer booster

- ✓ Excellent oxygen stain removal booster powder.
- ✓ Removes stains without fading fast coloured textiles.
- ✓ Safer to use than chlorine based bleaches on dyed or coloured items.
- ✓ Kinder to the environment than chlorine bleaches.
- ✓ Highly effective soaking or washing agent for mould & mildew removal.

Light Soiling		3-6gms
Medium Soiling		6-10gms
Heavy Soiling		10-15gms
Recovery wash	mildew, mould, black marks	20gms

Dosage per 1kg of dry weight laundry

How to use

Use as a stain removal booster. See dosing table opposite.

Can also be used to recover unfit, stained or mildew affected stocks of linen. Add to the highest temperature range of the wash cycle (may be 40°C for shirts and fast colours or up to 90°C for white cotton items). Select the temperature according to care labels on the fabric.

Coloursafe can be used in the following Ideal recovery wash programs: R2, R4 and R5.

For further process information speak to an Ideal technical representative.

Health & safety

Available on request. Store in cool & dry conditions. Avoid exposure to direct sunlight.
