		Soft water	Hard water
Light Soiling		2-4ml	3-6ml
Medium Soiling		4-6ml	6-9ml
Heavy Soiling		6-10ml	9-15ml

Dosage per 1kg of dry weight laundry

How to use

Designed not only to deal with oil and grease, but for the specific application of removing curry, spices and candle wax, perfect for laundries specialising in restaurant work.

Use in conjunction with main wash laundry detergents as an aid to emulsification and suspension of oily, greasy or proteinaceous soiling on all fabrics.

Extremely effective in emulsification and removal of mineral deposits from polyester/cotton fabrics.

See dosing table opposite.

For further process information speak to an Ideal technical representative.

Health & safety

Available on request. Store above 10°C.
