		Soft water	Hard water
Light Soiling		5kg	10kg
Medium Soiling		8kg	12kg
Heavy Soiling		12kg	15kg

Dosage per 1 kg of dry weight laundry

How to use

Can be applied manually or in stock solution.

Formulated for general use but particularly suitable for polyester/cotton and cotton garment processing. Very effective for soil removal and suspension on engineering garments, chef jackets and aprons.

See dosing table opposite.

For further process information speak to an Ideal technical representative.

Health & safety

Available on request. Store in cool & dry conditions. Avoid exposure to direct sunlight. Extra care should be taken when handling this product due to its highly alkaline character.
