

Liquid Destainers

Dd

DDcool

PRODUCT CODE	005
APPEARANCE	opaque white viscous liquid
REACTION	mildly acidic (pH 3.5–4.0)
SPECIFIC GRAVITY	1.00–1.10 AT 20°C
STORAGE	above 6°C
STANDARD PACK SIZE	20L
ALSO AVAILABLE IN	10L, 200L

Low temperature laundry disinfection & destainer

Superior bleaching and disinfecting performance at low temperatures and mild conditions.

An effective oxygen-based destainer tackles stains at 20°C, saving energy and reducing wash process time.

Gentle on fabrics and safe to use. Can be used on underwear, socks, nightwear, blouses, whites and colours.

Also effective on wet and sweaty textiles with bad smell, like sportswear or sauna towels.

Biodegradable formulation is OBA free, phosphate free and fragrance free.

How to use

Can be injected automatically via an Ideal automatic dosing system or added manually as a diluted product.

Very effective at temperatures between 20–40°C.

Use 4–12 ml/kg depending on low/medium or heavy staining levels.

For further process information speak to an Ideal technical representative.

Health & safety

Available on request. Store above 6°C.
