Dosage per 1kg of dry weight laundry

Outstanding heavy soil removal but gentle on fabrics

Powerful & concentrated non-caustic high alkalinity mainwash powder.

For outstanding removal of heavy deposits on polyester/cotton garments.

Brilliant single shot product for general processing of all classifications.

No soiling too heavy for this high quality all purpose product.

Powerful performance, yet gentle on machines and fabrics.

How to use

See dosing table opposite.

We recommend the use of an Ideal emulsifier where excessive greasy deposits on garments are prevalent.

For further process information speak to an Ideal technical representative.

Health & safety

Available on request. Store in cool & dry conditions. Avoid exposure to direct sunlight.
