Medium dose		5–8ml	6–9ml
High dose		8–12ml	9–13ml

Dosage per 1kg of dry weight laundry

Ultimate stain penetration for recovery processing

A landmark discovery from Ideal, for incredible industrial laundry results.

Powerful concentrated detergent liquid for heavy commercial and industrial soiling.

Extremely economical in use. Reinstates condemned linen.

Highly effective as part of the Ideal recovery process for black marks, with up to 80% reclamation of relegated stock.

Phosphate free. Fragrance free.

How to use

Designed for application on cotton and polycotton mix fabric for all soiling levels and types. Can be dosed manually or automatically. Does not require further alkali boosters, even on the heaviest soiling. Not for use on delicate items and fabrics.

See dosing table opposite.

For process information for specialist applications, such as ingrained staining, concrete and metal staining (black marks) please refer to an Ideal technical representative.

Health & safety

Available on request. Store above 10°C. Please observe PPE requirements as specified on Safety Data Sheet.
