

Low Flow OPL Dosing System (up to 35kg)

Space saving double pump head for machines up to 35kg

- ✓ Easy to install and maintain thanks to the quick tube-change configuration.
- ✓ Can dose from 1 to 10 laundry products.
- ✓ Suitable for both intelligent and non-intelligent washing machines up to 35kg. Can be used in relay mode or with formula select programmer.
- ✓ Available in 2, 4, 6, 8 and 10 pump versions, with the option to upgrade to a unit with plug-and-play pump module.
- ✓ Classifications named on remote screen at washing machine (when formula select used). Load count and pump run times available for reporting.
- ✓ Approved to all regulatory standards for factory equipment.
