

Liquid Destainers

Hp

Hydrogen Peroxide

116

PRODUCT CODE	116
APPEARANCE	clear colourless liquid
REACTION	acidic
SPECIFIC GRAVITY	1.120 – 1.140 at 20°C
STORAGE	cool & dry, avoid direct sunlight
STANDARD PACK SIZE	25L
ALSO AVAILABLE IN	10L, 200L, 600L

Light soiling

4ml

Medium soiling

8ml

High soiling

12ml

Gross soiling

20ml

Dosage per 1kg of dry weight laundry

Professional full strength liquid oxygen bleach

A full strength 35% active liquid oxygen bleach for excellent stain removal.

Concentrated oxygen release bleach with stabilisers for increased shelf life.

Use on white and colour-fast linen to remove stains at temperatures up to 90°C.

Effective for providing sanitary finish to fabrics.

Safe on all fabrics. Preserves colour and avoids fading compared to Sodium Hypochlorite.

How to use

Can be injected automatically via an Ideal automatic dosing system or added manually as a diluted product.

Very effective at temperatures above 40°C. Use 4-12mls/kg depending on low/medium or heavy staining levels.

See dosing table opposite.

For further process information speak to an Ideal technical representative.

Health & safety

Available on request. Store in cool & dry conditions. Avoid direct sunlight for prolonged shelf life.
