

Powder Starches

MS

Maize Starch

PRODUCT CODE	169
APPEARANCE	off white powder
REACTION	neutral
STORAGE	cool & dry
STANDARD PACK SIZE	25kg

Low dose

5–8g

Medium dose

8–12g

High dose

12–20g

Dosage per 1kg of dry weight laundry

100% maize laundry starch powder for excellent stiffness

High quality fine powder for use as a general purpose laundry starch.

Guaranteed low polish matt finish.

Popular natural starch with less filling effect and minimal gloss.

Much stiffer less pliable cardboard type finish suitable for white cotton coats and aprons.

Can be applied manually or as a stock solution.

How to use

Use either as a manual powder addition direct to washing machine, or by prior mixing as a stock solution. Stock solutions should be made by addition of starch to cold water and temperature raised gradually to 50°C. Stock solution should be constantly agitated, maintained at elevated temperature, used within 24 hours and solution strengths should be no greater than 10% (2 x 25kg bags per 500 litres).

See dosing table opposite.

For further process information speak to an Ideal technical representative.

Health & safety

Available on request. Store in cool & dry conditions.
