Final rinse antibacterial laundry liquid

LI Clean kills 99.9% bacteria including MRSA at 40°C.

Laboratory tested against S aureus, Ps aeruginosa, E coli, Ent hirae and MRSA.

For hygienic laundry, simply add to the final rinse during low temperature washing.

Suitable for use on hotel linen, towels, undergarments, sportswear, personal clothing and more.

Cool floral fragrance for added freshness.

How to use

1. Apply to final rinse.
See dosing table opposite.

2. As a soaking agent
Make 2% solution. Soak for 10-15 minutes.

For further process information speak to an Ideal technical representative.

Health & safety
